The Power Of
DIRECT MAIL!

From The Home Office Of:
Wilman G.
The "Work At Home Expert"
GOLD DIRECTOR
October 8, 2010

Dear Reader,

I am sure if you are reading this you are probably researching various home based income opportunities. Of course with the enormous amount of opportunities available today the big question is "*which one is the best and who should I work with?*"

Yes, these are the same questions I had when I started my own Home Based Business after doing tons and tons of research.

My e-mail inbox kept getting filled with a bunch of "*sales pitches*" with all sorts of people magically making thousands of dollars weekly. *Sound familiar?*

To make a long story short I was skeptical, confused and frustrated about what I should get involved in. If this sounds like you... **CRANK UP you attention.**

Because for the first time **EVER** the Magnetic Money Miracle has put together the combination of ingredients that have been missing in most home based opportunities. Wait until you see what's inside this website!

On a side note, this is:

- ❌ NOT MLM or Network Marketing**
- ❌ Has Nothing To Do With Cash Gifting or A Pyramid**
- ❌ And There Is Zero Selling Or Cold Calling People!**

I guarantee you will be as impressed as I was after doing my research on this outstanding and simple opportunity.

This program is a home based system that shows individuals how to be ENORMOUSLY successful with our easy-to-follow "copy cat" method.

For the first time in home based history we are offering a SIMPLE step by step program and format that is modeled from several of the wealthiest and most successful industry leaders who consistently earn over **ONE MILLION DOLLARS PER YEAR!**

A program such as this has **NEVER** been offered before in the home based arena that gives people the **EXACT formula** and steps in an EASY to follow "cookie cutter" fashion. AND have it combined with a **VERY lucrative income opportunity** that you can **start now!**

An approach that just about **GUARANTEES** immediate, **BIG income** and cash when applied. **YES, IMMEDIATE INCOME** even for beginners with zero experience.

Our entire program strength is in its SIMPLICITY and use of LEVERAGE (ACHIEVING MAXIMUM RESULTS WITH THE LEAST AMOUNT EFFORT)

This program is designed for the masses of folks who barely had the knowledge to send an e-mail! From farmers to home makers and moms to accountants, real estate agents and factory workers...THIS PROGRAM is for you.

After years of analyzing what has worked and NOT worked in the "on-line" and home based business field we discovered

some amazing things...

We found that even with all the great information that is being taught by some of the wealthiest home based experts and Internet gurus in the world, **VERY few people have duplicated and MODELED the successful gurus results!**

Now the **Million Dollar Question!** Why?

Well there's obviously not just one ,single, simple answer, but the BIGGEST reason we **found again and again** was that **most people didn't understand EXACTLY "HOW TO" apply the enormous amount of amazing information** that was being given and taught! **OR... People just didn't want to learn it!**

A lot of people want a
**"Push A Button AND
IT'S DONE" APPROACH...**

So... we made our Simple System the

**EASIEST "PUSH BUTTON"
APPROACH and SYSTEM**

in the home based industry!

With this direct mail business opportunity you feel confident
now
that you can succeed immediately because of it's simplicity
AND
immediate income structure...

Using The POWER of Direct Mail *** And Just Mailing Out POSTCARDS! ***

Our organization is a group of **home-based business owners** from around the globe.

From professional entrepreneurs who work full time receiving multiple six & seven figure incomes to single mothers working just a few hours a week making a few thousand dollars extra to pay the bills.

Because of the simplicity of our system, **people from all different walks of life are becoming financially free** with our proven and documented "**turn key**" home base business opportunity.

Home Based Businesses...

The REALITY!

The truth of course is that many people who get involved with a home based business ever make any substantial profits. You're probably thinking "wow, did you just say that"?! *On a "Sales" oriented web site?*

Yes, I did, because it's true and the hard, cold truth has to be the foundation for us to really succeed in the "new trend" of home based businesses.

The next question you might ask is "why"?

Well there's probably not just one absolute reason for the lack of big profits but after doing substantial research on the subject there are some "Glaring" mistakes and issues that almost ALL home based opportunities have in common.

1. The information that was given in those other programs and opportunities (regardless of how great it is) was usually **too overwhelming** for someone to absorb and actually apply.

We buy that very informative e-book for \$27 or program from an Internet guru who is making millions (from selling thousands of these \$27 books) and we usually just let it sit on our computer somewhere and never use it.

2. **The amount of income was just too small per sale** to make any exciting profits. If you only made \$25-\$50 per sale it would take hundreds of sales and a lot of time to make any real substantial money. That was a huge problem that the average home based business owner faced. The big attraction of course in the holy grail

of residual streams of income, but they never tell you that you have to recruit and enroll two thousand sales to do it!

So, What do you do if you're looking to make BIG money fast, without building a huge a down line or having the same old \$27 e-book sales pitch?...

The Answer and Solution

People love to buy, but they HATE being sold.

That's why smart sales is about attracting high quality prospects *and having a modern system* (THAT IS EASY TO COPY AND USE) in place that does the selling and explaining for you, automatically - providing sufficient information to help prospects make an informed decision to purchase and get involved, or not.

"Sales Closing Skills" do not have a place in modern marketing. Step by step, simple automation is the foundation of great sales and incomes, and is critical to the success of any home-based business you start.

The problem is that when looking for an opportunity, most people only focus on the product or service they will be selling. This is natural and understandable. But it is a mistake. ***The product is only half the equation.***

If you don't believe me try ordering a pallet of any product in the world. Have it delivered to your garage.... Are you rich yet?

Of course not. Nobody knows about it. You need to promote and market it.

So a very important and overlooked aspect about choosing a business opportunity is being able to "crawl" under the hood and check that it has an effective sales and marketing "engine" as well as a strong product or service.

In an industry where hype and fancy sales pitches have become the norm, a growing trend is quickly gaining popularity fast around the globe in the home based industry...

It's a Concept Called B.U.P.R.I

And it's going to play a major role in the home based business industry in the decade to come. And is the entire foundation for our wealth building strategy!

B.U.P.R.I. is not a company or product of any kind. It's an answer. A solution to tiny checks and failed home based business owners and as well as helping the new home based business owner make bigger money... fast.

It will allow you to put thousands of dollars of cash into your pocket in weeks... Not years. **But the best part about B.U.P.R.I. is that you won't have to sell or recruit hundreds of people to do it.**

How The Game Is Played Today!

B.U.P.R.I. stands for: "BIG UP-FRONT PROFITS & RESIDUAL INCOME", which is a concept that summarizes the growing change of focus in the home based industry from just the promise of long-term residual income, to ***immediate, large, leveraged income***.

The Premise Of B.U.P.R.I. Is Simple:

**Get Paid A Years Worth of
Residuals And Income In A Month!**

Get Paid BIG PROFITS from
day one on each sale!

Money is worth more in your
pocket today than it is next year...

And have the
